

MAKERSPACE EXPECTATIONS

WE WILL:

1. Demonstrate self-control, persistence, curiosity, and respect for safety guidelines in the makerspace.
2. Understand and apply design thinking principles.
3. Work cooperatively and constructively in all group endeavors.
4. Construct our own ideas and inventions
5. Work to make progress on the Weekly Design Challenge, a long-term project, skill building, or a grant proposal.
6. Develop the ability to solve complex challenges that combine multiple concepts.
